**OVERVIEW**

Samueli Academy's instruction features a 1:1 Chromebook program and is centered on Project/Problem-Based Learning, a collaborative, respectful culture, and an emphasis on 21st century skills. Samueli Academy teachers must have the ability to raise student achievement for a wide range of learners. This teacher will collaborate in an integration model with at least one teacher, team-teaching whenever possible.

**BASIC FUNCTION**

Using advanced technology skills in the classroom, this teacher's instructional practices should focus on raising achievement for a wide range of learners. The applicant must be a creative, collaborative, flexible teacher willing to innovate and implement Problem or Project-Based Learning. The applicant should have a willingness to explore team-teaching with other teachers, to collaborate with higher education faculty, and to commit to working on collaborative teams. The applicant must have a thorough understanding of the Common-Core standards, appropriate state-level assessments (i.e. SBAC), and the

development of formative and summative assessment practices. All teachers at Samueli Academy will advise students in intra-class relations and in personal learning plan development through a weekly advisory program. Other duties as assigned by the administrative team. Please visit [www.samueliacademy.org](http://www.samueliacademy.org) for more details about the school.

**SALARY**

Competitive with stipend opportunities

**MINIMUM QUALIFICATIONS**

- **Ability to teach and assess your content via Samueli Academy's School-Wide Learning Outcomes: Oral Communication, Written Communication, and Collaboration.**
- Must have a heart for high school students that transcends the classroom;
- Be role models for students regarding life-long learning and professional behavior;
- Experience in engaging students in hands-on learning while maintaining academic rigor;
- Able to teach diverse learners and well-versed in instructional strategies for serving a wide range of students;
- A willingness to explore team teaching with other teachers;
- Experienced in integrating technology into their teaching and can support student learning using technology;
- Collaborative, skilled in interdisciplinary planning, and able to work well with a wide range of constituents (colleagues, parents, students, community members, etc.);
- Must have knowledge of the curriculum appropriate to the grade level/position, knowledge of instructional skills, classroom management skills, communication skills, and job responsibility;
- Must hold a valid California teaching credential (or certification if teaching a specialized subject) authorizing teaching in assigned classroom/subject matter and the equivalent of CLAD Certification. In addition, must be considered a High Qualified Teacher under No Child Left Behind in the assigned subject matter;
- Dual credential preferred;
- Bi-lingual proficiency in Spanish preferred;
- Willingness to be involved in the school outside of the classroom;
- Ability to remain flexible, innovative and adaptive to change; and,
- Willingness to teach an elective, if necessary.
