Student Response Form

For marketing purposes only

In an effort to learn more about our potential students, please answer the following questions in the space provided. Answers need to be in blue or black ink, written by students. (use back if necessary)

How did you hear about Samueli Academy and why did you choose to apply?

What are your academic strengths and interests? What extracurricular activities are you interested in?

We prepare our students for College and Career success. As such, we are not an easy school. Although you'll love attending here, you'll have homework daily and exams weekly. As a support, after school tutoring is mandatory for students who do not complete their homework. Do you believe you can be successful in this environment? Please explain.
