

TEACHER NOTIFICATION OF DANGEROUS PUPIL POLICY

As part of Samueli Academy's Comprehensive School Safety Plan, the Executive Director or designee is charged with developing strategies for protecting students and employees from potentially dangerous persons and situations and for providing necessary assistance and support when emergency situations occur.

In furtherance of this goal, it shall be school policy that the Executive Officer or designee shall inform the teacher(s) of each student enrolled in their class(es) who, during the previous three school years, has engaged in, or is reasonably suspected to have engaged in any act, except the possession or use of tobacco products, that would constitute a ground for suspension or expulsion as identified in the school's charter. This information shall be based upon school records maintained in the ordinary course of business or records received from a law enforcement agency.

Upon receiving a transfer student's record regarding acts committed by the student that resulted in his/her suspension or expulsion, the Executive Officer or designee shall inform the student's teacher(s) that the student was suspended from school or expelled from his/her former school or district and of the act that resulted in the suspension or expulsion. Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.
